

TSANZ Ordinary Member

A legally qualified medical practitioner, scientist or other health professional who has received appropriate postgraduate training and qualifications in respiratory medicine, sleep medicine, thoracic surgery or related fields. Ordinary membership also applies if, in the opinion of the Board, the person has made a worthwhile contribution to the study or practice of respiratory medicine, sleep medicine, thoracic surgery or related fields. Ordinary membership also requires that eligibility requirements are met and that the application to join is approved according to the constitution.

Please Note:

- Non-medical practitioners, including allied health and scientists are required to hold a relevant post graduate qualification. The Board considers the following qualifications meet this criteria: relevant PhD, relevant Masters, BRPT or CRFS. For clinical specialty roles the Board may consider a relevant post graduate clinical qualification.
- Sleep/Respiratory medical practitioners require FRACP status. Medical practitioners in other fields are required to be a Fellow of a relevant College e.g. FRACGP”
