

PARTNERSHIP WITH LUNG FOUNDATION AUSTRALIA for a **PhD Scholarship** in Idiopathic Pulmonary Fibrosis Research

Please complete this form if your Research Institute or University is interested in partnering with the Lung Foundation and co-funding a PhD Scholarship in Idiopathic Pulmonary Fibrosis (IPF) Research which will be administered and undertaken at your Institute.

As confirmation of your University's support for your application, could you please provide a detailed letter from your Research Institute or University that address the specific selection criteria and must include:

- Brief overview of the Research Institute or University, background/history
- The commitment of funds and support for the 3 year PhD Scholarship period
- The PhD Scholarship Researcher will undertake research in the area of IPF with a priority of:
 - Increasing the clinical knowledge about the incidence or prevalence of IPF in Australia or disease progression.
- An outline of how this PhD Scholarship will be managed by the Research Institute or University
