

# Would you donate **blood** for asthma research?

## LUNG AND ALLERGY RESEARCH CENTRE

is conducting a research project on antiviral immunity in asthma to understand why asthmatic people suffer from worse colds and flus. We need people with and without asthma to donate 40ml of blood. Participation takes place at the PA hospital and takes only 15-30 minutes. Option for allergy testing with total 100ml blood donation.

All samples and information will be treated confidentially. This study has ethics approval from the Metro South and UQ Research Ethics Committees.
